Dear Florida Public Power Supporter,

You do business with municipal electric utilities so you understand sustained relationships and continuous exposure to this market segment is essential for long term success. The FMEA Energy Connections Conference and Trade Show brings together electric utility personnel from Florida's municipal, cooperative and investor-owned utilities from across the state.

Participating as a conference sponsor is easy. Take note of the benefits accompanying the different levels of sponsorship, to determine an appropriate level of support for your company.

Your sponsorship includes an important benefit:
**Recognition as a Sponsor within the FMEA Mobile App –
Providing a convenient advertising and communication
tool to Florida's Municipal Utility market**

There are five levels of sponsorship to choose from. Each level adds value to your participation through increased company exposure and access to conference attendees.

Please complete the Sponsorship/Registration forms on the following pages and submit to FMEA by October 20, 2017, to guarantee your sponsorship. If you have questions please call (850) 251-5465 or send an email to canderson@publicpower.com.

Sincerely,
